Statement of intent

Shelton Junior School recognises its legal and moral responsibilities to persons who may be adversely affected by school activities.

Health and safety in schools is governed by legislation and associated regulations, which are enforced by the Health and Safety Executive (HSE).

In **Foundation schools**, statutory health and safety responsibilities fall on the Governing Body (as the employer) and on the Headteacher and other school staff (as employees).

As the management body, **the Governing body** must ensure that school staff and premises comply with the LA's health and safety policies and practices (e.g. reporting accidents, first aid provision), and:

- Develop and regularly update a health and safety policy and advise employees of it;
- Have a critical incident/emergency contingency plan;
- Ensure, **so far as reasonably practicable**, the health, safety, and wellbeing of teachers and other education staff; the health and safety of pupils in school and on off-site visits; and the health and safety of visitors to the school including volunteers involved in any school activity and contractors working on the school site;
- Assess the risk of all activities, both in school and off-site; introduce measures to manage the risks, and instruct employees about the risks and the measures to control them;
- Ensure that staff are competent and trained in their responsibilities (including written records of training); and are actively involved in health and safety;
- Take reasonable steps to make sure that the buildings, equipment and materials are safe and do not put the health of users and visitors at risk.

In practice, the governing body may delegate specific health and safety tasks to others at the school.

The Governing body, and the headteacher, must comply with any direction given to them by the LA concerning health and safety of persons on the school's premises or taking part in any school activities elsewhere.

Responsibilities

It is recognised that individuals and groups of individuals have responsibilities for the health, safety and wellbeing in the school. The individuals and groups identified below are expected to have read and understood the school's policies and procedures for ensuring health, safety and wellbeing and to conduct their duties in accordance with them.

Governors

The governors are responsible for ensuring that mechanisms and procedures are in place for health, safety and wellbeing. The governors will receive regular reports to enable them, in collaboration with the headteacher, to prioritise resources for health, safety and wellbeing issues.
